

U.S. Plastics Corp Catalog Buyers

Updates Quarterly, please call for most recent counts

This list contains a broad cross-section of manufacturing, construction, material processing & engineering firms, and related industrial companies who purchase equipment and supplies for use in their everyday operations. Any company in need of storage polyethylene and fiberglass tanks, plastic bins, racks, trays, pumps, valves, mixers, tubing, pipe fittings, bottles, Lexan, acrylic & nylon Teflon sheets and rods, and all forms of on-the-job safety clothing and equipment would purchase from the US Plastics Corporation. Contact names are available on 100% of the file and multiple contacts (up to 5 per company) are also available. This file is Zip+4 coded and is 100% at business addresses.
